

Darlinghurst Academy Year 2 Summer 2 : How did that food end up on my plate?

Vocabulary

climate	The pattern of the weather we expect across a period of time.
weather	Is what we experience every day e.g. rain, hail, sun
Food miles	a mile over which a food item is transported during the journey from producer to consumer.
Fair trade	Fair trade is a way of buying and selling products that allows the farmers to be paid a fair price and have better working conditions.
greenhouse gas	A gas that causes the planet to heat up

Where does our food come from?

Causes of climate change
