Friday	Reading – read the extract and answer questions provided on DB Primary	Maths – multiplying by 10, 100, 1000	Science – Separating mixtures

Continuous Home learning

Please remember to complete your usual homework too so that you rehearse your times tables (Y2-6) or counting (Y1 and Y2 number bonds) and practice your spellings using Sir Linkalot (Y2-Y6). Remember to keep up your daily independent reading and using your Phonic Bug or Accelerated Reader account.

Your teacher will check on your progress and see how you are doing.
